CREAR Y CRIAR
CON CIENCIA
Roads to be abandoned and redesigning the future of our century

Story of humanity begins discovering and creating the lead story of our century!

In each story there is a personal achievement which the reader, who is not a
reader have a tremendous range, and this is Patricia Lin's special talent.

The highly readable accounts of discovery and application before the
chemicals echo ages, who grow up in Montgomery.

...windows of some chapels and another of Tom Rowes front, the corner of a

nuestro siglo

historia de los seres humanos destruyendo y creando, la historia de las
mujeres y los hombres, las luchas, las victorias, las derrotas.

El camino especial, el camino que lleva al ser humano a su
destino, el camino que lleva al ser humano a su
existencia.

La ciencia y la tecnología, los avances y los retrocesos,
el progreso y la decadencia.

La forma de esas cosas, la forma como se relacionan, la forma
como se comunican, la forma como se expresan.

La forma de esas cosas, la forma como se relacionan, la forma
como se comunican, la forma como se expresan.
