

This is a list of former group members or visitors in Roald's research group. First Ph.D. Students, then Senior Visitors or Postdocs (sometimes it's hard to delineate a person's role), then Undergraduates.

In time, I plan to fill the blanks with additional information. I am going to be writing to each of you, to email addresses I have as of Dec. 31, 2022, asking you to supply/correct what is on there for you, and for your permission to have it online on my webpage. . If you have a suggestion on changing someone else's information, or people to be added, just drop me a line about it to rh34@cornell.edu
